

THE LITTLE BLACK BOOK

BOUDOIR SESSION

Your wedding day is not just a celebration of love; it's a celebration of you, embarking on a new chapter of your life. What better way to honour your journey than by embracing your sensuality and capturing it in stunning imagery? These intimate boudoir photos are a gift to yourself, a celebration of your beauty, and a timeless treasure to be cherished for years to come.

In the privacy of a beautifully styled setting, surrounded by soft lighting and luxurious details, I create an atmosphere where you can feel comfortable, empowered, and utterly fabulous.

Together, let's create a collection of exquisite images that capture your beauty, strength, and vulnerability, the perfect gift to yourself or your partner, an eternal reminder of your confidence and allure on this incredible journey to becoming one with your partner.

We have teamed up with Georgie's Sister Company Adam Blamed Eve, to bring you this incredibly opportunity.

This is for any gender, and is only shot with professionals on a closed set. meaning only one or two people are on set at any given moment.

WHAT ARE THESE SESSIONS?

These aren't just boudoir sessions; they're bespoke, themed experiences designed entirely around you.

We believe your story, your essence, and your relationship deserve more than a one-size-fits-all photoshoot. That's why each session is carefully crafted with a unique theme, concept, and aesthetic, inspired by your personality, fantasies, favourite places, shared memories, or even a mood you want to express.

Whether it's vintage Hollywood glam, moody editorial, soft and romantic, wild and nature-bound, luxurious hotel elegance, or something completely outside the box!

we bring your vision to life. We take the time to get to know you and/or your partner, diving into your story, energy, and what makes you feel confident and alive.

Once we've landed on a theme, we handle all the details:

Location scouting to match the vibe

Wardrobe styling advice or collaboration with stylists

Props, lighting, and set design curated to elevate the concept

Creative direction and posing guidance to help you feel empowered and natural

This is more than a photoshoot — it's an experience.

It's fun, deeply personal, and artistically elevated.

And the final result? A powerful visual story that's as unique, bold, and beautiful as you are.

We shoot with intention, emotion, and the goal of capturing who you are — not just how you look.
